
# TRAIL CONNECTION BRIDGE PROJECT

## REVITALIZATION ASSOCIATION OF WEEPING WATER

With your help, we can continue making Weeping Water a wonderful place to live, work, and play. Our next goal is to complete the **Bridge Trail Connection Project** — a new bridge that will link the walking trail on the north side of the lake. This bridge is the first step toward connecting the trail all the way to the Gibson-Rhodes Depot, creating a scenic loop for everyone to enjoy.

### *How This Project Benefits Our Community*

- Connects the Gibson-Rhodes Depot with Day Memorial Park
- Adds a beautiful new amenity that encourages outdoor activity and tourism
- Enhances our town's natural charm with another spot for both locals and visitors to enjoy

RAWW has already secured grant funding to get this project started — but we still need your help to bring it across the finish line. We're inviting community members to be part of this lasting addition to our town by purchasing bridge planks. Your contribution will help us complete the bridge — and give you the opportunity to have your name become part of Weeping Water's history.

### *Donation Options*

**$150 Donation:** Add your name or family name (up to 25 characters) engraved on one bridge plank.
**$200 Donation:** Add your name or family name on two lines (up to 25 characters per line).
**$100 Donation:** Purchase a bridge plank (no engraving).

Your donation will help create a space that strengthens community connections — and your name will become part of that legacy for years to come. There are only 58 planks available, so don't wait!
